

Camillian Social Center Chiang Rai

Camillian in Thailand

It has been 60 years (1952-2012) since the first group of three missionaries of the Camillian order came to Thailand on 21st January 1952 for helping missions following to the charism and spirituality of St. Camillus “Introducing God through our various helping missions”.

We have been supporting by God through both visible and invisible hands in all relevant supports in order to take a lot of actions following to the charism of Camillian Order. Camillian Order in Thailand has been growing up in helping poor, neglected, disadvantaged, elder, disable and leprosy patient people. We also have helped many hill tribe people.

We have 10 centers in Thailand to serving the charity missions as following:

1. San Camillo Hospital Ban Pong (www.sancamillohospital.org) and Sitthida Home which is home for children living with disabilities (www.sitthidacamillian.org).
2. Camillian Hospital Bangkok (www.camillian.org)
3. Camillian Social Center Sampran (www.camilliansampran.org) elders home and Camillian formative house
4. Camillian Social Center Prachinburi (www.camillianprachin.org) helping leprosy patients and poor elders.
5. Camillian Social Center Rayong (www.camillian-rayong.org) helping HIV/AIDS people
6. Camillian Social Center Chanburi (www.camillianchan.org) elder home
7. Formative House Sriracha (www.camillianredcross.com)
8. Camillian Social Center Ladkrabang (www.camillianthailand.org) is the center of management of all Camillian centers in Thailand. St. Camillo Foundation Thailand is registered in this center. Camillian Home is home for children living with disabilities.

9. Camillian Social Center Taquapa (www.camilliantaquapa.org) has been helping to tsunami victims, HIV/AIDS patients, children living with disabilities and supporting the scholarship to poor children.

10. Camillian Social Center Chiang Rai (www.camillianchiangrai.org) is the place for helping hill tribe children (Akha, Mhong, Lahu and Karen), Home of Charity (home for children living with disabilities, formative house and the center also takes care of church and leprosy patients in Sriwichien Village.

Our first step at Chiang Rai started at Sriwichien Village

Camillian Social Center Chiangrai, one of Camillian centers in Thailand has been doing its social helping work such as helping leprosy patients, helping orphan or disadvantaged hill tribe children...etc.

Father Calo Lussi (Congregation of the Sacred Heart of Jesus of Betharram) and Sisters of Maria Bambina congregation had helped leprosy patients who migrated from Laos's country and Chiang Rung city south of China since the beginning of 1973. The leprosy patients migrated to Ban God Pa Whay which the village was officially registered and renamed to Ban Sriwichien in 1990.

Father and sister had served all patients with love and nurture not only in physical but also in spiritual. They had also helped developing in many community dimensions and develop to all people in the village, provide farm land to the villagers, provide drinking water, water for cultivation and provided the kindergarten school for the children. Church was also built and the first mass was helped on 16th February 1975.

First pace of the Camillian Order in Chiang Rai

Archbishop Giovanni Moretti came to visit Father Lussi and celebrated Christmas at Ban God Pa Whay in 1976. Father Lussi informed the Archbishop that in order all leprosy patients to be well recovered; they needed persons with well knowledge and skills to this kind of disease to take care of them. Archbishop Giovanni then sent the letter of requesting to come and help the leprosy patients to the Camillian Order president in Thailand and the Camillian Order members were taking care of leprosy patients at Khokwat, Prachinburi Province.

Father Marino Karli and Father Albino Turgato were the first 2 Camillian priests coming to help both leprosy patients and community since 1977. Then Father Victorio Paleari the director of Camillian Thailand and Brother Gianni Dalla Rizza, both persons were male nurse with special skills in helping leprosy patients came to be care providers to leprosy patients and community in 1986.

The first step of Camillian Social Center Chiangrai started in 1992 by supporting the children of leprosy patients in education and accommodation. The first boarding dormitory was built in 1993 with the total of 30 children. Camillian Social Center had increased helping to not only children of the patients but also to many hill tribe children, disadvantaged children and orphan children in Chiang Rai and surrounding provinces. The Camillian Children Home was officially registered in 1994 and the number of children increased to 150 children in the next 4 years and this caused the property was not able to well accommodate all children.

Camillian Children Home was moved to the present area on 15th May 1997 which is located at the entrance of Sriwichien Village. The new premises were much bigger. Camillian Social Center Chiangrai has officially renamed from Camillian Children Home since March 2011. This center is a part of Camillian Thailand social service centers, The Saint Camillus Foundation of Thailand.

Sisters of Maria Bambina congregation have joined to be a co-work to help taking care of children with Camillian priest and brothers at Chinagrai Center since 2003. The sisters' house building was built and officially opened on 19th November 2004.

In this year there were 15 boys who had expressed their interest in the Camilian Order's mission and wanted practicing to be a priest and Father Wasan Saiphrom was the person who looked after those boys. Then the Camillian formation house in Chiangrai was constructed and official opened on 16th November 2005. There are 42 seminarians at this present time.

God helping plans are still going on through the Camillian Social Center Chiangrai mission as Camillian Social Center Chiangrai has realized that there still are many children living with disabilities who were neglected. Camillian Social Center Chiangrai has planned to have a place to help those children in the premises. Home of Charity was built and officially opened on 15th November 2009 and there are 20 children staying at the Home of Charity in 2011.

From that one small pace, we have been working following our mission and it has already been 20 years. We are aware that we would not have reached to this point if we have not been received generous supports from God and the missionaries who had hardly and honestly worked as God's hand as same as those children sponsors.

One person was called "Father" as he always is father and mother to all children reflecting from what he has been doing to them. He has been devoting his life to sick people, poor people and disadvantaged children. He

has also been a role model of clergyman life as he has not only prayed but he has also been taking all actions. He always wakes up early and starts working in the morning. We always see he was usually surrounded by many children. He is both father and mother to all children. The previously described person is Brother Giovanni Dalla Rizza and we would like to take this opportunity to express our sincere admiration and thankful to him.

Project 1. Help Disadvantaged Hill Tribe Children (staying in the center)

There were 217 hilltribe children (Akha, Mhong, Karen and Lahu hill tribe) staying at Camillian Social Center Chiang Rai at the academic year of 2010-2011. All children have been taken good care from Fathers, Sisters and all of our center staffs. All children have been cared in all dimensions: physical, mental and spiritual. The children staying in the center are studying in grade 1 to grade 6 at Mae Khao Tom Tha Sut School which is located approx. 2.8 Kms. away from the center.

Target: Underprivileged Hill Tribe Children

Objective:

For helping, supporting, protecting, housing and educating poor or orphan or disadvantaged hill tribe children to get to basic education and they will have better life together with moral and ethics knowledge so we are sure these children will be good persons in the future.

The total of children who were supported by our center in the academic year 2011

Remark

Akha (Nationality) people:

In Thailand there was a group of settlement was purposively selected based on the people who was so called minority. Definition was given as “an ethnic person” who is not considered as a national by any state, mostly reside along border”. Until 2004, there are 19 groups, 514,420 minority people in Thailand. They are registered by Ministry of Interior, after registration “color identity cards” will be issued for them. Even though those minorities have identity cards, they do not have rights equal to those people who have Thai identity card because they are not Thai Nationality by law. They have limitation of access to basic public services.

Project 2. Continue the scholarship support to high school children (staying outside center)

There are 81 high school level students who received scholarship support from Camillian Social Center Chiang Rai. They are students who are studying from Grade 7 to Grade 12 and they did not stay at our center anymore as our center was registered to accommodate only the primary level students. Our scholarship high school level students attend 8 schools situated in Northern Province of Thailand; Chiang Rai, Chiang Mai, Phayao, Lampoon and Phetchabun.

These students stay at the school boarding and special arranged places by teachers and they have been taken good care as well as taught academic knowledge from all teachers. We are sure they will be independent and well educated in the future.

Target: Underprivileged Hill Tribe Children (High school and vocational level)

Objective: To support extension educational opportunity to the target group

Project 3. The Home of Charity

Camillian Social Center Chiang Rai also has another action for helping special needs children especially poor hill tribe children living in wilderness. The Home of Charity is a care centre focusing on rehabilitation, assisting children that require physiotherapy and cognitive stimulation. The goal is to encourage the children to become as independent as possible, and in doing so improve their quality of life.

One of the Home of Charity goals is to assist the children to live to their potential and create well educated children, we provide a well-rounded program to stimulate and educate the children. Through daily interaction and learning each child has improved in their personal and academic skills. The children partake in a number of activities. Each day of the week there are special activities to assist with education and giving the children and opportunity to learn through experiences. The Home of Charity was celebrated its formal grand opening since on 15th November 2009.

Objective:

1. To enable special needs children to reach their full potential.
2. To develop special needs children.
3. To bring human right and social right to these hill tribe children
4. To have a place that seminarians can learn and train.
5. To announce the Camillian Order's charisma to all people through what we have been doing.

Target

1. The unattended 6 boys and 6 girls special need children (they are studying from Grade 1 to Grade 6).
2. The 15 disable from the community who want to improve their body strength (day program)
3. The surrounding village members situated within 20 Square Kilometer of our center will be educated about the basic healthcare knowledge

Project 4. Co-operation work with Pistorio Foundation

Camillian Social Center Chiang Rai has been a local partner of Pistorio Foundation to support the underprivileged Hill Tribe children to access to the education opportunity for many years. There are total 1,886 students supported by this co-working project. This project has provided and supported scholarship and

educational materials to those poor hill tribe children living in wilderness. The project has also helped in medical to those children too

Project 5. Helping Sriwichien Villagers

Camillian Social Center Chiang Rai is situated at Sriwichien Village area. Sriwichien village has 102 families. The villagers are Akha Hill Tribe, Shan and Thilue. They are poor and we found leprosy among them. Camillus Foundation of Thailand through Camillian Social Center Chiang Rai has helped all people including leprosy patients and elder people. Camillian Social Center Chiang Rai has helped 14 leprosy patient families by supplying rice, dry food, personal items and basic healthcare.

The elders group at Baan Sriwichien has 35 members now. There are mass on every first month Friday, meeting, helping and encouraging activities through various activities, events and celebration days.

Project 6. Healthcare Mobile Clinic

Saint Camillus Foundation of Thailand by Camillian Social Center Chiang Rai, Camillian Hospital, San Camillo Banpong and Pistorio Foundation was aware of health problem conditions of the people who live in wilderness area. So the previously mentioned representatives helped to have the healthcare mobile clinic to serve to teachers, students and villagers of the following villages: Baan Sriwichien, children staying at Camillian Social Center Chiang Rai, special needs children at the Home of Charity, villagers at Baan Barah, Baan Pakia, Baan Makhampom, Baan Phanaseri, Baan Huay Nam Khun, Baan Doi Gnam, Baan Mhai Pattana, Baan Doi Chang, Baan Phadaeng, ... etc. This project was supported with the kind cooperation from all involved people; doctors, nurses, volunteers and villagers.

Project 7. Giving Basic Healthcare Assistance To Laotian People

This project was supported from Vatican through Nuncio for Thailand. The Camillian Order was assigned to coordinate in this project by Brother Giovanni Della Rizza, the director of Camillian Social Center Chiang Rai. The projects consisted of healthcare center construction, school construction, place for helping leprosy patients and supplying medical equipment, etc. All previously mentioned projects have been done at Luangprabang (LPQ), former capital of Laos and now is a UNESCO World Heritage city..

The project detail:

7.1 Healthcare clinic construction project

7.2 Buying medical materials and equipments project

7.3 Drinkable (clean) water project

7.4 3 high schools construction project

7.5 Helping Leprosy patients project

There are few leprosy patients in Laos as there is no new infected patient and only physical marked at the leprosy body can be seen so the assistances are visiting, encouraging and supporting important items in their daily life.

Project 8. Camillian Formation House Chiang Rai

Camillian Formation House Chiang Rai is under care of Camillian Social Center Chiang Rai and has officially opened in 2005. This new formation house is for educating, learning and training for those Catholic boys who are interesting in our order mission. This formation house is for boy students who are studying between Grade 7 to Grade 12.
